

July through December 2017 palm oil traceability - Mill listing

The following mill listing was self-reported by Hershey's palm oil suppliers and has been validated for accuracy by a third party. This information represents our current traceability for volumes purchased during the July - December 2017 time period and does not reflect the regular fluctuations in our supply flow. The list will be periodically updated to reflect the most current data and information as reported to or gathered by the company. Additionally, this mill list contains the names of all palm oil mills collected from Hershey's suppliers engaged during the reporting period via our traceability exercise. As a result, the list represents all mills connected to Hershey's suppliers during the reporting period and likely includes mills whose product was not specifically sold to Hershey. This list of mills, therefore, goes beyond Hershey's physical supply chain.
