

Introducing COCOA FOR GOOD

Our sustainable cocoa strategy

COCOA
For Good

We're committed to Cocoa For Good, for the last 125 years and the next.

WHAT IS COCOA FOR GOOD?

- A long-term sustainable cocoa supply
- A cocoa industry that makes life better

\$500,000,000

Through a half-a-billion dollar investment by 2030 in innovative programs, together with our partners, we're working to make cocoa-growing communities stronger.

HOW IT WORKS

Cocoa For Good addresses the most pressing issues facing cocoa-growing communities:

- Poverty
- Poor nutrition
- At-risk youth
- Vulnerable ecosystems

OUR STRATEGY

Nourishing CHILDREN

Children can reach their full potential in the classroom when they start with healthy nutrition

- We're working toward:**
- Reduced anemia rates
 - Increased family access to nutritious foods
 - Improved quality of education

Empowering YOUTH

Today's youth become tomorrow's leaders when they're equipped with the skills and resources to build successful futures, in cocoa-growing communities and beyond

- We're working toward:**
- Improved access to life skills education and training
 - Elimination of child labor

Prospering COMMUNITIES

Strong communities begin with opportunities for men and women to improve their livelihoods

- We're working toward:**
- Increased household incomes
 - Economically empowered women

Preserving ECOSYSTEMS

Cocoa communities thrive when their ecosystems are healthy and their forests are protected

- We're working toward:**
- Zero deforestation
 - Increased agroforestry and shade-grown cocoa

GLOBAL CONNECTIONS

Cocoa For Good recognizes that steps toward sustainable cocoa are steps toward a more sustainable world. We're committed to doing our part to progress the United Nations Sustainable Development Goals.
